

## **ZF W350-1 Marine Transmission Ratio 4.536**

**Sales Price: \$27,000 (for pair)**

This pair of ZF Marine W350-1 transmissions was made to be replacements for the Navatek II SWATH ship. This vertical offset, direct mount marine transmission is still packed in the manufacturers packaging with their seal. They are brand new and have never been used before.

### **Description:**

- Robust design also withstands continuous duty in workboat applications.
- Fully works tested, reliable and simple to install.
- Design, manufacture and quality control standards comply with ISO 9001.
- Reverse reduction marine transmission with hydraulically actuated multi-disc clutches.
- Compatible with all types of engines and propulsion systems.

### **Features:**

- Case hardened and precisely ground gear teeth for long life and smooth running.
- Output shaft thrust bearing designed to take maximum propeller thrust astern and ahead.
- Smooth and reliable hydraulic shifting with control lever for attachment of push-pull cable.
- Suitable for twin engine installations (same ratio and torque capacity in ahead or astern mode).
- Emergency "get home" capability.
- Replaceable oil filter cartridge.
- Compact, space saving design; Integral SAE 1 bell housing; SAE 0 adapter.
- Durable cast iron construction.
